

AirBerth[®]
BOAT LIFTS

THE *PROVEN* CHOICE

CRUISER

Spend more time *cruising*
and less on maintenance

The *proven* way to keep your boat out of the water so you can enjoy a trouble free cruising lifestyle.

How does AirBerth enhance your cruising lifestyle?

- Spend more time boating and less on maintenance
- Preserves the value of your boat by minimising osmosis and electrolysis
- Improves performance and fuel economy with no anti-foul paint and no marine growth on hull
- Quickly launch and raise your boat for quick access and berthing
- Spray jets for hull rinse to remove salt water

AirBerth is the ultimate vessel protection!

The AirBerth Advantage

- HDPE Material is non-marking
- Isolates air and water for added safety
- High reserve buoyancy can handle areas with high wave action and traffic
- Effortlessly guides your boat into the AirBerth in between mooring guides
- Easily inspect underneath the hull when raised
